

European Association of Urology

Application for EAU research investigators from basic urology research labs

- [Apply](#)
- [Login](#)

Welcome

The EAU RF is committed to the support and development of research networks across the European Urology Research Community. To accommodate this, the EAURF want to compile a database of all European Urology researchers and their groups which can be used to inform network development but also research groups and companies looking for collaborations in the European Urology Research Community.

If you are interesting in being part of these networks and collaborations we ask you to complete the short questionnaire below. Please answer all questions and if questions are not applicable please enter 'o'.

If you do not have an E-mail address, registration through this webform is NOT possible. Please click [here](#) to register by mail instead.

If you already have completed (part of) the form, please log in [here](#).

Thank you for you time and cooperation.

Personal Data

Please fill in the following items:

Gender * Male Female

Title *

Your name *

Name of your institute *

Address *

Postal Code *

City *

Country *

Phone number *

Fax number

Email address *

Website

Are you an EAU member? * Yes No

EAU Member number

Password *

Password confirmation *

Urological disease of interest (i.e. prostate cancer)

Primary disease focus

Secondary disease focus

Other disease focus

Expertise/field of interest (i.e. Apoptosis)
